

# Product Specification Report

Rev. 1.0

**Zep I.D. Red is designed for use when extremely fast evaporation and no residue are desired. An effective aerosol solvent degreaser alternative to 1,1,1-trichloroethane to remove oil, grease, tar, dirt and lubricants.**

## ZEP I.D. RED™

## Fast evaporating industrial degreaser

### FEATURES:

<b>Fast evaporating</b>	Zep I.D. Red quickly evaporates from the surface.
<b>Effective</b>	Quickly penetrates and removes soils from surfaces.
<b>No residue</b>	Solvents evaporate completely, leaving no detectable residues on cleaned surfaces.
<b>No ODCs</b>	Formulated without Ozone Depleting Compounds such as 1,1,1-trichloroethane or chlorofluorocarbons.
<b>No chlorinated solvents</b>	Formulated without any chlorinated solvents such as 1,1,1-trichloroethane, perchloroethylene or methylene chloride.
<b>Two-way valve</b>	Designed with a special valve to allow use right-side up and upside-down without propellant loss. Note: DO NOT dispense product with can in horizontal positions as propellant may be expelled without product, resulting in product left in can after all propellant is exhausted.
<b>Non corrosive</b>	Contains no ingredients that will cause corrosion of metal surfaces.

### APPLICATIONS:

Zep I.D. Red is an effective degreaser for surfaces and parts when rapid evaporation and no residue are critical. Use Zep I.D. Red to remove oil, grease, dirt, lubricants and tar, from circuit boards, electrical contacts, electric motors, machinery parts, electronic equipment, molds, etc.

### SPECIFICATIONS:

Form .....Aerosol  
Odour.....Solvent  
Propellant.....CO2  
Storage temperature.....4 – 50 °C  
Net weight.....454 g  
Dielectric strength.....19000 V (ASTM D-877)

### WARNING:

NOTE: Precautions must be observed to eliminate sources of ignition for liquid and/or vapors.

*All information in this document is based on our practical experience and/or laboratory tests. Due to the multiplicity of conditions for usage and variable human factors, we recommend that you always test our products for suitability prior to use. At any time, this version of the product specification report may have been revised based on legislation, availability of the individual ingredients or newly acquired information. The current approved version is available upon request.*
